# Conditional flashcards

## TEACHER'S NOTES

This is a complementary resource for the genially 'Conditional Match'. There are 30 cards that you may use the in the same way as suggested in the presentation or try some other games with your students.

**Level:** B1/ B2

**Objective:** To practice making conditional sentences: conditionals 0 and I.

### **Group practice 4-5 students**

Put the cards face down and tell students to pick a card and finish the sentence. The Teacher or the next student decide if the sentence is correct. Ss can keep the correct cards. The ss with the most cards wins.

### **Conditional race**

T divides the students into 2 groups and tells ss to raise their hand if they want to claim the card. Then T shows the first card and the race begins. The team with the most correctly finished sentences wins.

### **Pair activity**

Ss sit facing each other and place a pile of cards between them face down. One s picks a card and starts a sentence that the other ss must finish.

Feel free to use the flashcards any way you want that suits the needs of your students.
