

## NUMBERS - TEACHER'S NOTES

This presentation gives the T a variety of activities to practice numbers in a fun and interactive way. Ss face both spoken activities as well as written ones and audio. It can be used as a whole from the beginning to the end (**From 1 to 5**) but you can use it also as individual activities depending on the purpose (**Pick Your Number**). Feel free to use the activities any way you like.

### \* NUMBERS NUMBERS NUMBERS

It's a simple recognition activity that teaches ss the numbers or checks how much ss know. Just click around to the correct places. Click  to show the numbers. while ss name them. The numbers are in random order, but going backwards from 100 to 1. When you click the number - a written version appears.

### \* MATCH YOUR NUMBER

There are 2 matching activities in learningapps. One is a word + number match and the other one is audio + number. Just a simple practice. Click **Match 1** or **2** and the activities will appear or disappear. The button to the next page appears after 2 minutes.

### \* WRITE YOUR NUMBER

Spelling exercise - ss need to write every number correctly. Then check.

### \* DO YOU KNOW YOUR NUMBER

To make spelling activity more fun, ss need to write the numbers correctly to uncover what is underneath. When they write all the numbers correctly there is a ?. Click and answer the question. The answer to this question is a password to the next and last exercise. There is no access to the last page without doing this exercise.

### \* LISTEN TO YOUR NUMBER

When you access this page, the students have to write what they hear. The page disappears and some new questions appear that ss need to answer. Have fun!!!

### \*VARIATIONS

When you access this page, the students have to write what they hear. The page disappears and some new questions appear that ss need to answer. Have fun!!!
