

SENTENCE CHALLENGE - TEACHER'S NOTES

The aim of this game is to practice sentence or story making. It can serve as a revision exercise or as a speaking practice both for groups of students as well as individual practice.

* VERSION 1

SS make sentences from any number on the left to the same number on the right. The sentences don't have to be connected logically. The aim is to use the words on the way correctly.

* VERSION 2

SS create a logical story going from point A to point B adding as many details as they want.

* VARIATIONS

- * Ask ss to write down the sentences / story they create.
- * Play the game as the race between the teams. Assign a point for each correct sentence.
- * Specify the grammar that you want to be used and ask students to create the sentences or a story.

Create your own version of the game. If you have your own genially account, just edit the words on the grid and you're ready to go.
