

## JOBS - LET'S PLAY - TEACHER'S NOTES

### How to use the set

The aim of these activities is to revise the vocabulary that ss have studied and give them more vocabulary practice in a fun way. The set contains 3 common games - Memory, Dobble and Pass the word (a written vocabulary game). T can use them as a warm-up activity or a filler to animate the class.

This set can serve as a revision on the lesson or homework practice when ss can do the activities at their own pace.

### Memory Game

\* The set contains 4 different boards to play with, each with different job names. To complete all the boards the ss need to complete one by one. Each page contains a timer and T can use it to encourage ss to play more competitively simply by telling the ss to achieve the best time of the game.

### Dobble

\* The set contains 2 boards of Dobble with different job names. However, the 1st set contains fewer examples than the other one. It's a perfect game to practice saying the words aloud (individual class) or use it in class as a group game also to name the jobs.

### Pass the word

\* This is a written activity which practices spelling the words and makes sure that ss know the words. If ss can't understand the definition or when they make a mistake the image appears and it's easier for ss to recognize the word.

*Have Fun!!*
