

BODY PARTS - PRACTICE TIME

TEACHER'S NOTES

level - A1+/A2

How to use the set

The aim of these skill games is to give ss a lot of speaking, reading and listening practice connected with BODY PARTS vocabulary. The activities are designed to test ss knowledge of this vocabulary and reinforce their skills. T can use each of these games separately or together to organize a full lesson filled with fun texts and images.

ACTIVITIES

SPEAK ABOUT THEM

T has many sets of **image + word cues** to practice speaking. You can choose to show each set one by one or pick them at random to enhance ss' fun. The aim of the activity is to use all the words and describe the monster saying what it **has got** or **hasn't got**.

WRITE ABOUT THEM

This activity practices ss' reading comprehension as well as spelling. The ss need to read the descriptions filling in the gaps and later pick the correct monster to match each description. It's a good whole class exercise to improve ss' cooperation.

READ ABOUT THEM

The ss get four texts describing the monsters' look and need to pick the correct one from the images they see. This exercise tests ss comprehension and attention to detail.

LISTEN ABOUT THEM

It's a basic listening comprehension exercise in which ss match the correct image to the description.

* Organize a class fun telling ss to point at the monster they are listening about.

The symbols may be represented by different icons
but they have the same function
