Fruit and Vegetables

TEACHER'S NOTES

The set contains high quality flashcards to teach or revise fruit and vegetables. You can organize class races or sorting games and many more using ready boards.

Level: A1 - A2

Objective: To teach, review and reinforce the use of fruit and vegetable vocabulary.

The set includes:

- 21 pages - big flashcards with matching word (41 flashcards)
- 5 pages - small flashcards with matching word (41 flashcards)
- 5 pages of BINGO CARDS (10 boards)
- 7 pages of ODD one OUT cards (21 sets of 3)
- 6 pages of Taboo cards (36 cards)

Games:

- Ask students to categorize items based on the group, but you can come up with any categories that suit your needs
- Odd one out - ask ss to give you any explanation they want. This exercise is designed to make students come up with creative ideas and talk about fruit.
- Bingo Challenge
- Mismatched DOMINO - Students must link cards where the word and image don't match, forcing them to correct the statement. Target Language: "This is a pear, but it is not a pineapple.
- Taboo Cards - A student describes the card without using the three "Forbidden Words." If you wish, change the rules and ask ss to use specifically these words (for weaker groups of students) Rule: No pointing or drawing! Only English descriptions.

With both big and small format flashcards T can organize a lot of classroom categorizing or searching games where ss run around looking for the assigned fruit or veggies.

Feel free to use the flashcards any way you want that suits the needs of your students.
