

WORD WHEEL / PASPALABRA VOCABULARY GAME

level - A1+/B1

HALLOWEEN VOCABULARY GAME

The set comprises of two activities - word flashcards and word wheel games. The flashcard set contains all the words which are included in the set. They can be pre-taught or used simply as a review before the students check their knowledge.

The WORD WHEEL game is based on identifying vocabulary from images. Students type in the words, which appear in alphabetical order.

- Lives: Every incorrect answer costs one life.
- Skip Feature: If students don't know a word, they can skip it and return to it later without losing a life.

It is ideal for revising vocabulary, using as a quick lesson filler, or starting class with an engaging warm-up.

Note on Wordlists: A few letters use words that do not begin with that specific letter, either due to target difficulty or because a suitable Halloween word starting with that letter does not exist. You can find all the full wordlists attached as a downloadable PDF on the index slide.

How to Play in Class

Version 1: Interactive Board (Whole-Class / Team Activity)

- Divide the class into teams.
- Team members take turns naming the words, or typing them in.

Version 2: Interactive Board (Team Race)

- Split your interactive board display into two windows and open the presentation in both screens.
- Two teams compete side-by-side to solve the puzzles in a head-to-head race.

Version 3: Individual / One-on-One Class

- The student works independently to solve as many word puzzles as possible within a set time limit.
